

TECH IN A DAY

AMATEUR RADIO TECHNICIAN CLASS & LICENSE EXAM

Presented by the Michigan State University Amateur Radio Club

EVENT DETAILS

Saturday, September 19, 2026

MSU Engineering Building — Room TBA

Class 8:30 AM–3:00 PM · Testing immediately following class

COME PREPARED

No ham radio experience is needed. The class is free, but preparation and a small testing fee is required.

- 01 Register for a free FCC FRN in advance — required to test.
apps.fcc.gov/cores/html/Register_New_FRN.htm
- 02 Work through **KB6NU's No-Nonsense Technician Class License Study Guide** first — free PDF on Dan's site. It's a lot for one day.
- 03 Take a few online practice exams before class.
hamstudy.org/tech2026
- 04 Bring a pencil, a calculator, and photo ID.
- 05 \$15 exam fee — cash or money order.
